Hiring Team

Example Corp, Dublin
Date: October 24, 2026

Dear Hiring Team,

I'm applying for the Platform Engineer role at Example Corp. I build platforms that let product teams ship safely without waiting on anyone, and I'd love to do that for your teams too.

At Example Cloud I lead the team behind our internal developer platform, used by 40 teams every day. Before that I ran payment services across three regions at Acme Payments.

Thank you for your time and consideration.

Best regards,
